The college has a well-organized mechanism for redressal of internal examination related grievances. There is a grievance redressal mechanism existing within each department as well as a centralized mechanism functioning in the college. The student can approach the concerned one to redress the examination related grievance as per the requirement and jurisdiction of the grievance.

- Institute notifies evaluation process and related documentation on the notice board as well as on institute website. This includes distribution of marks and schedule of internal evaluation.

- The assessed internal test papers are shown to the students for self-assessment.

- In case of any grievances regarding internal assessment, the student is free to interact with the teacher and get it resolved. The unresolved grievance, if any, is referred to the departmental redressal committee. The committee will consider the request and verify and if found correct, modifications will be taken accordingly.

- If any student is not satisfied with the outcome of the department level redressal mechanism, he/she can approach the centralized college level redressal mechanism for further review.
- The college takes special initiative for resolving group grievances, if any, regarding assessments.
- If a student is not able to appear for examination due to medical or any genuine reason examination is conducted for that student as per norms, provided that he/she submits application with proper documents.
- Internal marks are displayed in the notice board, through the class online groups and reading the scores in the class time. Students' signature is obtained in the sheets to document to prove the consent of the students.
- A continuous monitoring is done by teachers on students' performance on internal examination and sufficient measures are taken to improve the performance of students who have scored low marks.

The following bodies/mechanisms are prevailing for the students to approach the college with grievances.

- Department redressal committee: Committee within the Department consisting of selected teachers and with the HoD as the Chairman.
- College level redressal Committee: Unsatisfied students can approach the college level committee which consists of staff advisor as the Chairman, Principal and Management representative as executive members. Three teachers are also part of it as members.
- Online redressal mechanism: Students can register their grievances online through the link given in the website of the college as well.

In case of any further issues, students have the option to approach the University as well for further review.

Moreover, the College has an Anti-ragging Committee, and Discipline Committee for timely redressal of the student related issues. SC/ST monitoring cell also carries out its function by taking care of the needs of the students belonging to that category.
