PAZHASSIRAJA CIVIL SERVICE ACADEMY

The Indian Civil Service is the backbone of the Indian state. It is the major mechanism which helps in national integration, administrative stability and continuity, professionalism, and promotes modernity and constitutional morality. Hence it is not a surprise that the highest minds among the future generation of India would endeavour to be a part of it. Pazhassi Raja College considers helping those minds in having proper guidance and training as a great responsibility.

Pazhassi Raja Civil Service Academy started on 27th June 2021. It offers one year and three year courses for students. The course is coordinated by Swarun Sebastian, Assistant Professor, Department of Commerce, Pazhassi Raja College. The aim of the Academy is to train Civil Service aspirants for the Preliminary and Main Exam along with their degree course. Students from outside the campus also participate in the civil service course offered by the college. The training would also empower the students to deal with other Competitive Exams for divergent Central and State Government Services. It helps in the personality development of the aspirants as well as their academic excellence. Moreover, it enables them to be a better citizen having civic sense.

As part of the course, the aspirants will have access to The Online Digital Library which comprises The Hindu Newspaper, Frontline Magazine, Economic and Political Weekly, study materials and required reference and other books. Course also offers interactive sessions with the Civil Servants and winners of the Civil Services Examination, regular exams, quiz competitions, debates among others. For the college, the course is being conducted by Ductus Civil Service Academy.

Ductus Academy is an endeavour to provide proper guidance and quality training to the students who aspire to be in key positions in Indian administrative machinery be it officers or teachers. Academy ensures the service and assistance of eminent and experienced faculties. The aim of Ductus Academy is to nurture future bureaucrats and teachers and inculcate in them Constitutional Morality and Scientific temper. Collaboration of Pazhassi Raja College and Ductus Academy facilitate great opportunity to serve the students by ensuring quality of the course at an affordable price as the Civil Service Coaching is a costly product in the market which excludes the poor section of the population from getting quality training.

Conclusion

Capacity building is the main aim of education. Pazhassiraja college aims to develop the quality of students by providing professional course training and career guidance along with their degree course. Even though the uncertain conditions of Covid-19 pandemic and busy schedule of the semester system slightly affected the participation of students, the course could continue to provide quality classes, support and vision orientation. This Prelims Cum Mains course endeavors the accomplishment of the same and is hopeful about the outcome.
