Report of Department level activity

Title of the Programme: **One day Workshop on “Financial Planning” in association with Securities and Exchange Board of India (SEBI).**

Date: 21<sup>st</sup> February 2018.

Venue: Chithrasala

The workshop on financial planning was a programme organized for the Degree and PG students of Microbiology and Biochemistry. There was around 65 students attended the programme. Principal Dr. A. O. Roy inaugurated the function and HOD, Mr. Abdul Bari K. K. did the welcome address and Sachin N. K. delivered the vote of thanks.

Mr. Manu, official resource person from SEBI handled the workshop with effective study materials. All the attendants were given with the printed booklet from SEBI in Malayalam detailing all the important aspects of financial planning. Different kinds of accounts and SMART planning for financial management were explained by Mr. Manu in an attractive manner. The students were well engaged with questions and interactions. The session was made memorable with many question answer sets followed by prize distributions.

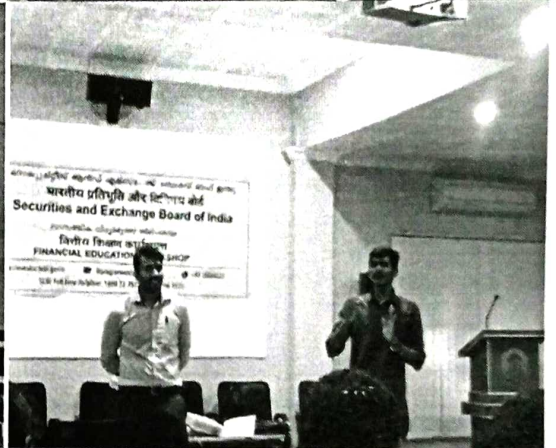

The purpose of this was to provide a basic concept about the financial planning and money management including bank accounts, policies, chities, mutual funds and many other investment options. Altogether this would definitely encourage our students for having a thought before they are going to do a deposit or a money transaction.
