Report

The programme started at 11.00 AM. After the welcome by the HoD, The presenter began his presentation. The focus of the webinar was exploring the recovery scope of tourism sector in the Post Covid era. A data driven approach was taken for estimating the same. According to the conference, there are three main scenario before the international travel and tourism industry. The sector may recover within two years if intensive measures are taken by the authorities involved. On the other hand, as per the experience of the previous cases, it may take upto four to five years, based on an extrapolation of the previous experience, like that of recession. The third scenario is, the growth regaining may take more years, upto six, if the immediate measures are not being taken. The strategies and scenarios in the domestic and international tourism are discussed well.

100 participants attended in the webinar. Apart from the students of the college, there were participants from other institution from within Kerala as well as abroad.
