Even then many of the individuals are unfamiliar with even the most basic economic concepts needed to make sensible saving and investment decisions. This has serious implications for saving, retirement planning and other financial decisions.

**DEPARTMENT OF COMMERCE****OLD AGE HOME GEVISIT****Name of the orphanage :** Ooshana bhavan**Date.** 19/12/2019

Department of commerce, Pazhassirajacollege conducted one day visit to Oashanabhavan an old age home located at Nadavayal. Students and teachers spend a music party for them. We provide fund for one day meal to all members collected through students and staff contributions. 14 students along with 3 teachers visited the old age home.

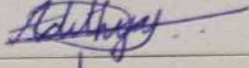

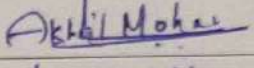

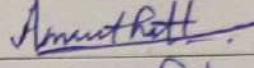

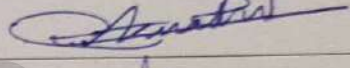

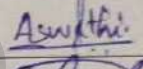

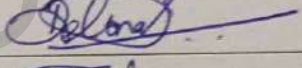

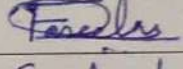

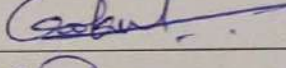

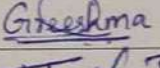

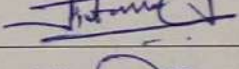

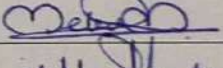

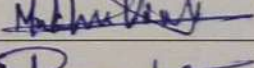

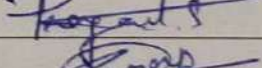

A visit to an Old age home is a life-changing experience as it is filled with emotions and sentiments. Students of Department of Commerce are lucky to get an opportunity to visit an Old age home named Osana Bhavan on December 19, 2019. It was a two-storey building with a terrace. The walls of the home were old and the paint had worn off. It looked like the house was without maintenance for years. There was a common hall. There were mattresses piled up and small red and yellow color lockers. There were few bunk beds too.

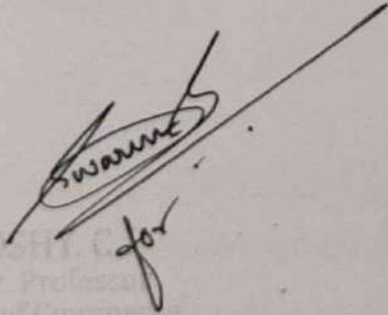

Most of the inmates were watching TV when we entered. Few inmates were having breakfast and many others were reading newspaper. When we entered, most of the inmates started staring at us.

We had brought food, cool drinks, books, chocolates, pens, etc. with us. We segregated ourselves and went to talk individually to everyone. We celebrated the Christmas with the inmates by cutting cake.
