NAAC Accredited with 'B' Grade

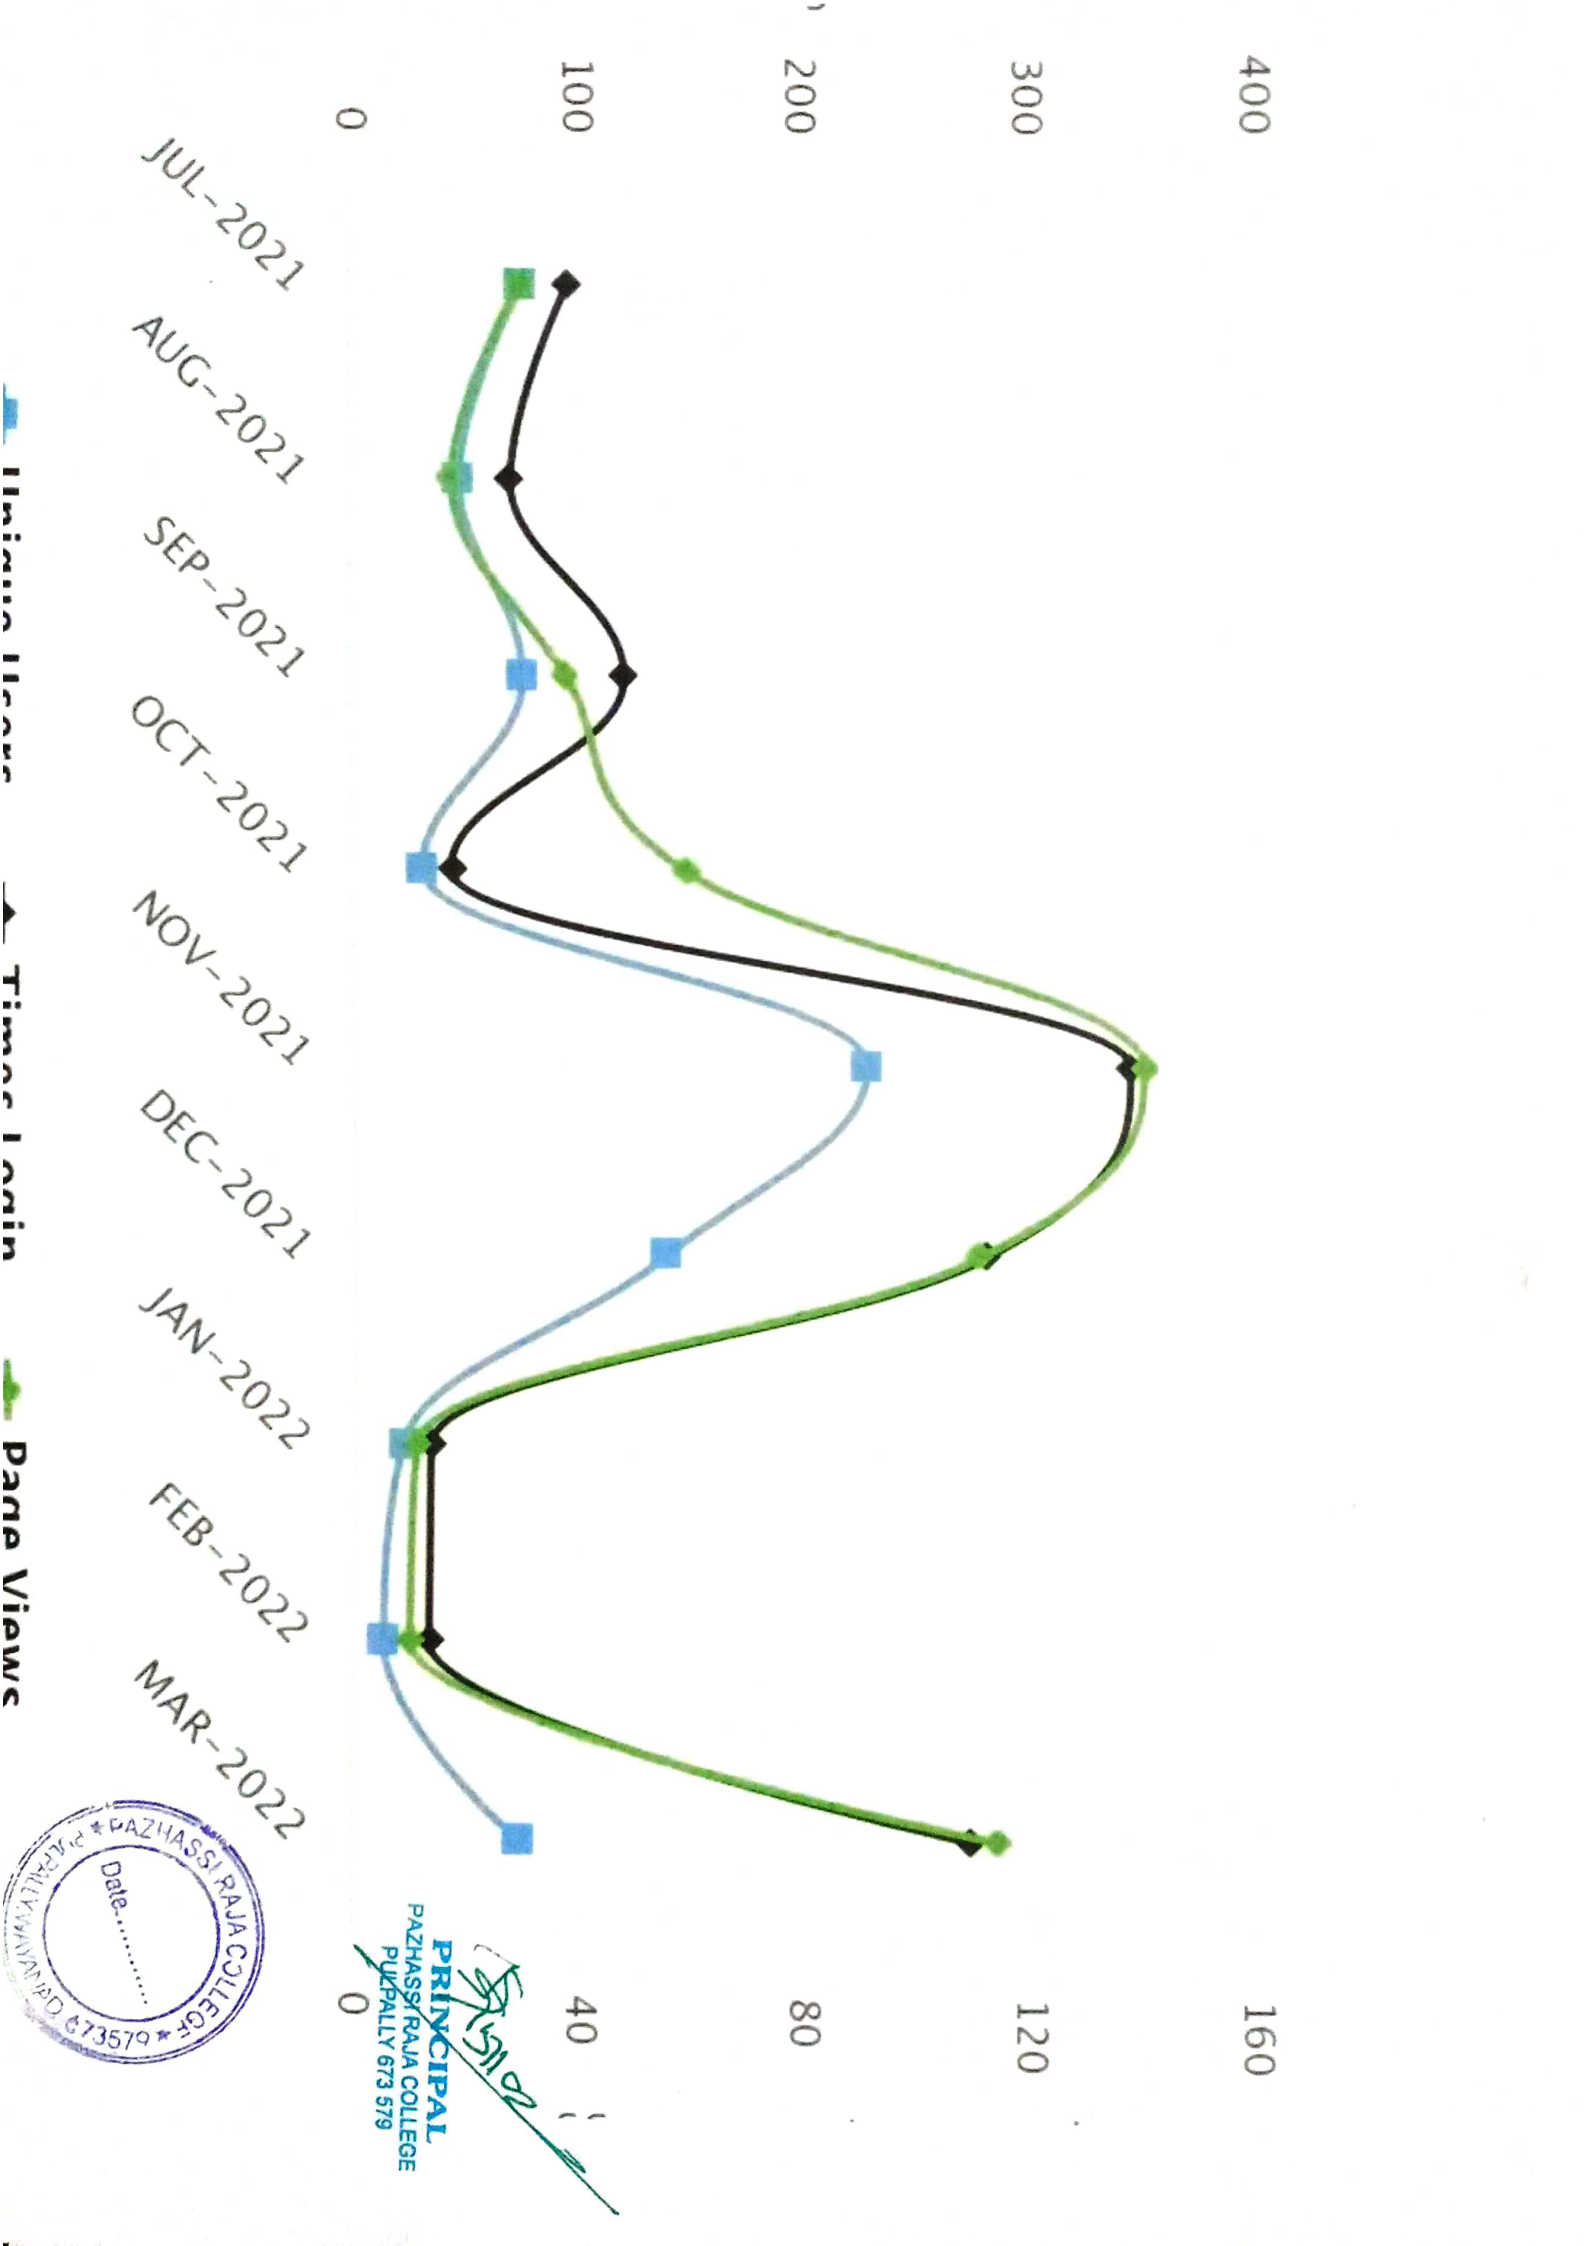

The DVV has asked for providing the calculation sheet of number of teachers and students using library per day during the last one year. The entry log book was checked and the number of entry of students and teachers is provided after verification. The number of days with entry of students/teachers only are listed in the below table as the academic year was amidst the COVID pandemic and most of the working days were lost due to state/nation wide lock down. Hence only those days on which the students and teachers were present in the campus are listed here. This data is provided in response to the metric number 4.2.4. The usage statistics of the INFLIBNET by the teachers and students is also provided for verification.

Percentage per day usage of library by teachers and students (foot falls and login data for online access) during the latest completed academic year
